# European Aluminum Wheels

## Accuride expands its aluminum wheel product line to Europe.

As a leader in wheel technology, Accuride Wheel End Solutions is proud to offer its aluminum wheel product line for the European market. The same design and engineering expertise that have helped Accuride gain top standard supply positions to North America OEMs are now available in Europe. Qualified to meet European test standards, including protected valve design for disc brake applications, these wheels are available for delivery throughout Europe.

### SPECIFICATIONS
